

MUHAMAD ZAINAL ARIFIN

Full Stack Developer

Zainalarifin080718@gmail.com 088216756214 https://muhamadzain.me Surakarta, Central Java

I'm Muhamad Zainal Arifin, with a technology education background & experienced Software Engineer from Indonesia. With over 3 years of experience in software development, I am a dedicated and passionate professional. Proficient in a variety of frameworks, including Codeigniter, Laravel, ReactJS, Express JS, Nest JS, and Go Fiber, my journey has been marked by active involvement in various projects. Committed to excellence in development, I actively participate in full-time positions and freelance projects to stay at the forefront of technological advancements. Passionate about using my comprehensive skillset and enthusiasm for innovation to make meaningful contributions to dynamic projects and collaborative teams.

Experience

Software Developer | OXY Creative Inc. - Jakarta Selatan, DKI Jakarta November 2023 - Present

- Work closely with Project Owner and Project Manager to build a user-friendly Software as a Service (SaaS) product. Create databases and tools needed for the application to run smoothly.
- Handle regular maintenance tasks and add new features to improve the application over time.
- Collaborate with different teams to make sure new features fit well into the existing system.
- Use smart design techniques to make the SaaS system work efficiently and scale easily.
- Be involved in every stage of creating the software, from planning to making it available for users. Make sure the databases are well-designed and work efficiently.

Web Software Developer | PT Pando Akar Teknologi - Jakarta Selatan, DKI Jakarta Juny 2023 - March 2024

- Part of OXY Creative's Outsource Team
- Detailed analysis of campaign results by developing a spreadsheet to properly organize data for maximum efficiency
- Spearheaded a redevelopment project for local community company, introducing a new platform decreasing page load
- Initiated a focus on conversion rates and introduced a post-click marketing platform for increasing page conversion
- Recognized emerging trends, consulted on target marketing and gathered metrics on campaigns for search optimization
- Maintained and organized digital multimedia material using Dropbox and Google Drive
- Steered quarterly growth through assessment of past performances and data-driven marketing

Programmer | CV. Cipta Karya Infotika (Cikajogja) - Sleman, Yogyakarta Juny 2021 - Oktober 2022

- Spearheading collaborative efforts with Project Managers to drive seamless application development, ensuring alignment with project objectives.
- Skillfully designing robust databases and translating intricate application requirements into efficient and scalable solutions.
- Conducting proactive maintenance initiatives and seamlessly integrating new features into applications to enhance functionality and user experience.

Internship Web Developer | CV. Kadang Koding Indonesia - Surakarta, Central Java January 2020 - April 2020

- Actively collaborated with Project Managers in the developmental phase of applications, contributing insights and expertise to ensure project success.
- Took charge of database design and application requirement mapping, ensuring a strategic and efficient alignment with project goals.
- Provided regular and insightful updates to both Lead Engineer and CEO, ensuring transparent communication and alignment with overarching organizational objectives.

Education

Diploma Degree in Software Engineering | SMKN 2 Karanganyar - Karanganyar, Central Java 2018 - 2021

- Completed courses in software development, algorithms, data structures, and other related subjects.
- Participated in programming/skills competitions, enhancing my problem-solving skills
