EXPERIENCE

Software Developer
PT Pando Akar Teknologi ↗

06/2023 - Present

I am a dedicated professional with a strong background in software development and project management. As a member of OXY Creative's outsourcing team, I specialize in handling diverse projects, including the creation of web applications and API services, as well as orchestrating the seamless migration of services to new technology stacks. My expertise lies in collaborating with cross-functional teams, ensuring the successful execution of projects from conceptualization to implementation. With a proven track record in delivering high-quality solutions, I thrive in dynamic environments and am committed to driving innovation in every project I undertake.
